# WARREN NOW OFFERED RECESS APPOINTMENT

## PRES. COOLIDGE'S VIEWS IN THE MATTER STATED

### COOLIDGE FEELS A PRESIDENT SHOULD APPOINT HIS CABINET

### IS CONVINCED OF THE FITNESS OF WARREN FOR THE POST

(By United Press)

Washington, March 12—President Coolidge will give Charles Beecher Warren, whose nomination as attorney-general was rejected by the senate, a recess appointment to the post if Warren is willing to serve under such circumstances.

Warren was invited to the White House from Michigan to confer with the president upon this question. Republican senators have emphasized in conferences with Mr. Coolidge the impossibility of confirming Warren, so unless the president consents to abandon him entirely, the recess appointment is the only way left.

Warren arrived in Washington at 8:03 a. m. today. He was met at the station by a White House automobile and taken to the White House to have breakfast with the president. Warren declined to discuss any phases of the situation until he has conferred with the president.

Immediately after the arrival of Warren, Senator Butler, Mass., national chairman and the president's closest personal adviser in the senate, was summoned to join the conference at the White House.

President Coolidge feels very strongly that a president should have the sole responsibility for the appointment of his cabinet.

Mr. Coolidge is convinced of the fitness of Warren for the post. When Warren was rejected, the president did not consider any other possibilities. He wanted Warren and he still wants Warren.

The position of Warren, however, is not so clear as the president's. He has suffered keenly on account of the senatorial attack on his character. There is much doubt that he would be willing to run the gauntlet of a continuation of these attacks which would surely develop after the senate had once rejected him. Some of his intimates say now, however, that his final repudiation by the senate has thoroughly incensed him and that if the president is willing he is anxious to fight back. If given a recess appointment, he will not draw pay during the recess of congress, but Warren's private fortune is said to be sufficient to meet this condition.

A number of possible alternatives has already been put forward for consideration, Judge Wallace McClemant of Oregon, Chief Justice Arthur R. Rugg of the Supreme Court, D. G. Droff of Wisconsin, Secretary of Navy Wilbur of California and Solicitor General Beck of Milwaukee.

### EARLY ADJOURNMENT OF SENATE SCOUTED

Washington, March 12.—Plans for early adjournment of the special senate session exploded today and republican and democratic conferences declined to make any decision regarding duration of the session.

Re-submission of Warren's nomination was announced while conferences were attempting to decide what should be done about the world court, the Isle of Pines and Lausanne treaties, and practically disrupted the proceedings. The democrats said that no efforts would be made to take up the world court and unless the move originated from the republican side of the chamber, thus putting down agitation against their own ranks for consideraton of the proposal.

### COOLIDGE RE-SUBMITS WARREN NOMINATION

Washington, March 12—President Coolidge today resubmitted to the senate the nomination of Charles Beecher Warren to be attorney-general.

Warren's nomination was rejected when previously sent to the senate by a vote of 39 to 41, but after a conference today between the president, Senator Butler and Warren, it was decided to re-submit the nomination for a second consideration by the senate.

When informed of the decision of the White House to re-submit the nomination of Warren, Senator Walsh, Montana, leader of the opposition, declared such a procedure was "unprecedented." "There will be no change in the lineup on the democratic side when a vote is taken again," asserted Walsh.

The re-nomination of Warren was referred to the judiciary committee. Extended hearings may be held at which Warren may be asked to appear in person to defend himself against charges made by the opposition, but no definite plans have so far been announced by republican senate leaders.

(By United Press)

St. Paul, March 12.—Payment of $5,000 damages to Arthur Anderson, a youth who was seriously wounded by Robert Peterson, state agent, is proposed in a bill introduced in the senate today. The youth, a former Red Wing Training School inmate, was wounded in St. Paul December 12. He is still in Ancker hospital as results of a wound in his back. The measure was introduced by Senator Joseph Jackson.

### REQUESTED HIS BODY BE EMBALMED AND BURIED IN NANKIN

(By United Press)

Pekin, China, March 12—Dr. Sun Yat Sen, former President of China who suffered for weeks with cancer of the stomach, died in Canton today. The Chinese leader had been on the point of death for nearly six weeks.

Just before he died Sun signed and gave several documents to leaders of the Kuo Maning Tang party. They are reported to have been his last wishes concerning future political action in China.

He requested that his body be embalmed and that he be buried in Nankin.

The body was sent to the Rockefeller foundation for embalming. Dr. Paul Kreig, a German physician, was in attendance throughout Sun's illness.

## OIL CASE TO DIG INTO BOND PAYMENT ALLEGED

### DEPOSITION OF FORMER ASSISTANT SECRETARY OF NAVY ROOSEVELT READ

### DECLARES HE HAD NO KNOWLEDGE OF LEASE UNTIL AFTER IT WAS CLOSED

(By United Press)

Cheyenne, Wyo., March 12.—Final cleaning up of depositions and examination of witnesses including officers of the First National Bank of Pueblo, Colorado, was scheduled for today's session of the government suit to break the Mammoth Oil Company's lease on Teapot Dome naval reserve.

Witnesses were expected to testify concerning the last payment of $223,500 in Liberty Bonds to liquidate former Secretary of the Interior Albert B. Fall's debts on his ranch at Three Rivers, New Mexico. These bonds were said to have been those of the Central Trading Company, Limited. Announcement of the decision of the Canadian courts that H. F. Osler, president of the Continental Company, would have to answer all questions in regard to his connection with the Sinclair oil interests brought little cheer to government attorneys. Owen J. Roberts, one of the government counsel, pointed out that Osler who is believed to be in London could not get here in time to testify in this case.

"That is why we wanted a continuance," Roberts added.

The deposition of Theodore Roosevelt, former assistant secretary of the navy, was read yesterday afternoon. In it Roosevelt declared he had no knowledge of the lease until after it was closed.

### FIRST RUMBLE IN SUIT HEARD TODAY

Federal Court Room, Cheyenne, Wyo., March 12.—The first real rumble in the Teapot Dome suit in which the government is attempting to break the Mammoth Oil Company's lease on the Teapot oil reserve in Wyoming was expected to be heard today when the government called to the stand eleven bankers from various cities, including El Paso, Texas and Pueblo, Colorado.

The eleven were scheduled to testify concerning the receipt of bonds by former Secretary of the Interior Albert B. Fall with which he paid off obligations, it is claimed, on his New Mexico property.

The numbers on these bonds, it is explained, corresponded with bonds of the Continental Trading Company in which Harry F. Sinclair, lessee of Teapot Dome, was interested.

### DEFENSE MAY STRIKE OUT MUCH EVIDENCE

Federal Court House, Cheyenne, Wyo., March 12.—All evidence introduced by the government at this morning's session of the Teapot Dome suit relating to bank records, deposits and financial transactions of Albert B. Fall was "marked for identification," but unless government counsel is able to link up these with the present the defense will move that such evidence be stricken out.

Attorneys for the Mammoth Oil Company whose lease on Teapot Dome the government is seeking to annul on the grounds that it was obtained through fraud, vigorously objected to introduction of the records. Judge T. B. Kennedy held up his decision on the objection at the request of Owen J. Roberts, government counsel, ni order to give the government an opportunity to show why the evidence is admissable.

## Seven Nations Entered in 1925 Davis Cup Net Play in American Zone

New York, March 12—Australia New Zealand, Spain, Japan, Mexico, Canada and Cuba have entered for Davis cup tennis play in the American zone and much interest will be attached to the draw to be made by Vice President Dawes in Washington next Tuesday. If the break of the draw should bring together Australia and Spain, Australia and Japan or Spain and Japan, tennis fireworks may be expected in the initial rounds. Of the present entries New Zealand is the dark horse since nothing is known of its personnel. Davis cup entries will close March 15.

## SENATE GENTLY HAZES VICE PRES. DAWES

### LATTER TAKES CRITICISM IN GOOD NATURE AND LAUGHS

### SENATOR NORRIS READS BURLESQUE POEM ABOUT DAWES

(By United Press)

Washington, March 12. — While Vice President Dawes sat laughing in the chair, the senate proceeded to haze him again today.

Senator Norris, Nebraska republican, started the fireworks by reading a burlesque poem about Dawes charging him with a terrible oath upon the senate.

Norris was followed by Senator Nelley, West Virginia democrat, who read an editorial criticising Dawes for his absence at a critical moment when the vote was taken upon the Warren nomination, thereby causing defeat to the republicans.

In opening his speech on the Isle of Pines treaty, Senator Copeland, New York democrat, said: "I always understood it was the duty of the vice president to be in the chair at all times, but a lot of unfortunate things have happened on the floor of the senate, as well as in the chair."

## BELIEVE ANCIENT TOMB IS FOUND

London, March 12. — King Tut ankh-amen probably will have to take a somewhat less exalted seat at the table of notable antiques, should new discoveries by Egyptologists prove as valuable as expected.

The resting place of another monarch named Snefru, older by far than King Tut, is believed to have been found by archeologists with the Harvard university expedition to the Gisa pyramids in Egypt.

Snefru is of the fourth Egyptian dynasty. He lived between 5,000 and 6,000 years ago and his reign preceded that of Tut-ankh-amen by 2,500 years.

Discovery of the tomb followed the sinking of a a 150-foot shaft under the leadership of Allen Rowe of the expedition. The tomb is most fragile and extreme caution must be exercised in handling it. The task of opening it and preserving its contents will be a long and difficult undertaking.

The tomb is near the great pyramid of Cheops.

The discovery is considered to be as important from an archeological point of view as the one made by Howard Carter and the late Earl of Carnarvon when they found the tomb of King Tut-ankh-amen and its treasures.

It is believed the tomb is absolutely intact and relics of the most precious nature may be found within including the marble sarcophagus and Snefru's mummy, the old monarch's filled cartouche with his name inscribed with golden hieroglyphics and the chests of alabaster.

## NEW BUS AND TRUCK TAX BILL IS INTRODUCED

### PROVIDES FOR 15 PER CENT GROSS EARNINGS TAX ON BUS OPERATORS

### IN ADDITION TO THE REGULAR MOTOR VEHICLE TAX

(By United Press)

St. Paul, March 12.—A new bus and truck tax bill was introduced in the senate today. It provides for a fifteen per cent gross earnings tax on bus operators in addition to the regular motor vehicle tax.

Senator A. J. Rockne introduced the measure.

The bill was not applied to Twin City bus lines and it excepts bus and truck operations between contiguous cities and doing inter-city business. All other trucks and busses operating between cities would be forced to pay the tax. The bill provides for monthly reports to the state tax commission and monthly payment of the tax.

Licensing and bonding of collection agencies is proposed in a bill introduced in the senate today by Senator Hanson.

The State Board of Control maintenance of institutions struck a snag. The senate refused to approve the measure concerning the bill appropriating $7,000,000 for state institutions. The house deducted $1,000,000 on the total as passed by the senate earlier in the session. The senate appointed a committee of five the county reimbursement bonds now the house to reach a compromise.

### HIGHWAY REFUNDING BILL UP WEDNESDAY

St. Paul, March 12.—The highway refunding bill which was a special order of business in the senate today will be taken up next Wednesday. Two amendments to the measure were adopted and the bills then laid over so that the amendments may be incorporated in it. The amendments were presented by Senator George A. Sullivan and would allow the state to issue $32,000,000 in refunding bonds payable in ten years to take up the county reimbursement bond now issued.

### STATE RURAL CREDIT BUREAU

St. Paul, March 12.—The legislative committee which investigated the state rural credit bureau will report to the senate tomorrow. Senator C. Rosenmeier made this announcement today. Members of the committee have made individual reports on various phases of the investigation and these have been confined into one report. Members of the committee were to meet at two p. m. today to sign the report. Senator Lund has made a report on the Argonne Farms Veterans Bureau rehabilitation project.

## SENATOR COUZENS ALLEGED TO OWE INCOME TAXES

### "A VERY LARGE AMOUNT OF MONEY" ALLEGED TO BE DUE

### INTERNAL REVENUE BUREAU SERVES NOTICE ON COUZENS

(By United Press)

Washington, March 12.—The Internal Revenue Bureau has prepared an arbitrary assessment of the 1919 income taxes against Senator Couzens, Michigan, for "a very large amount of money" which will be served upon him probably tomorrow, Secretary of the Treasury Mellon announced today.

The statute of limitation on the alleged unpaid taxes expires tomorrow and this step is taken to prevent the debt to the government from being invalidated, it was said.

The Internal Revenue Bureau in an official statement pointed out, however, that it believed the list would be posted in ample time to reach the office under ordinary handling of the mail "on on before the date" on which the return is required to be filed. "If a return is made and placed in the mails properly addressed and postage prepaid no penalty should attach should the return not actually be received by such office until subsequent date," the statement added.

Couzens has told the senate in denouncing the treasury's attempt to collect the taxes which he said was an attempt at retribution for his senate committee criticism of administration of corporation taxes, that the amount sought from him is between $10,000,000 and $11,000,000. It was in 1919 that Couzens sold most of his block of Ford Motor Company stock. Mellon said that the information of the Couzens' case came to the treasury not from a treasury investigation, but "from an outside person." When the information was received the treasury started an investigation which revealed the failure of Couzens to pay "a large amount of money due."

### DAVENPORT LOSES HABEAS CORPUS ROUND IN DISTRICT COURT

### WILL NOW PERFECT AN APPEAL TO STATE SUPREME COURT

Minneapolis, March 12.—Only the Supreme Court stands between John B. Davenport and Milwaukee authorities now.

The bank bandit, who was denied a writ of habeas corpus by Judge W. W. Bardwell in district court late yesterday, had his attorneys prepare an appeal to the Supreme Court. Judge Bardwell granted until 10 a. m. March 17th for the filing of the appeal. Unless it is taken by that time, the governor's extradition order will permit Milwaukee officers to take Davenport to Wisconsin. Davenport is alleged to have been one of five bandits who participated in the $310,000 robbery of the Northwestern National Bank in Milwaukee on December 8th.

### ENGLAND REVERSES STAND AND FINDS PROTOCOL UNACCEPTABLE

### FIVE COLONIES OF BRITAIN, LEAGUE MEMBERS, ALSO OPPOSE PROTOCOL

(By United Press)

Geneva, March 12—Anglo-French accord on the League of Nation's security protocol was ruptured today when Austen Chamberlain, British foreign minister, announced in an address before the league council that England had reversed her stand and that the protocol no longer was acceptable.

England had ascertained, Chamberlain said, that the protocol in its present form was unacceptable to Canada, Australia, New Zealand, India and South Africa. He says as these colonies were league members, they would announce their own views in the matter either before the assembly or by communicating with the league's secretariat. Ireland's stand on the protocol had not been ascertained, Chamberlain said.

## STATE AUTO TAX CUT 25 PER CENT UNDER NEW BILL

### LEGISLATURE IN ACCORD WITH MEASURE NOW BEING DRAFTED

### NO CHANGES ARE PROVIDED IN PRESENT DEPRECIATION TABLE

St. Paul, March 12.—State legislators have agreed to a cut of approximately 25 per cent in automobile license fees.

A new bill, so providing, is being prepared by A. G. Youngquist, assistant attorney-general.

Under the proposed measure, decided upon by members of the house motor vehicles committee after weeks of argument and discussion, the basic tax is reduced from 2.75 to 2.1 per cent of the factory price of the licensed car as of the preceding Nov. 1.

Minimum taxes of Class B cars would be reduced from $15 to $12, and on Class A cars from $12 to $9. Truck minimum taxes would be cut to $9 from $12.

No change in the annual depreciation table is planned.

This table provides for a 10 per cent cut in valuation of the car at the end of the second year, and 10 per cent each following year until the car is taxed at 30 per cent of the list price as provided.

### 408,000 AUTO TAGS ISSUED THUS FAR

St. Paul, March 12.—More than 408,000 motor vehicle license tags were issued by the state up to Tuesday night.

This was announced by M. J. Holm, secretary of state.

It is probable, Mr. Holm said, that the total this year will exceed 500,000.

### DELAY LIKELY IN VOTE ON ROAD BOND BILL

St. Paul, March 12.—Action on Sen. Charles E. Adams' bill prohibiting refundment of county road bonds by the state except out of highway department funds, scheduled for Thursday morning, probably will be postponed to March 19 in view of pending motor vehicles tax legislation in both houses, Sen. Adams said.

Washington, March 12—Brigadier General Mitchell came back home last night and while surrounded by friends and his family at the city club retold the story of his fight for an adequate unified national air force. The occasion was his first public appearance since his testimony before the house air craft commission.

## SENATOR COUZENS ALLEGED TO OWE INCOME TAXES

### "A VERY LARGE AMOUNT OF MONEY" ALLEGED TO BE DUE

### INTERNAL REVENUE BUREAU SERVES NOTICE ON COUZENS

(By United Press)

Washington, March 12.—The Internal Revenue Bureau has prepared an arbitrary assessment of the 1919 income taxes against Senator Couzens, Michigan, for "a very large amount of money" which will be served upon him probably tomorrow, Secretary of the Treasury Mellon announced today.

The statute of limitation on the alleged unpaid taxes expires tomorrow and this step is taken to prevent the debt to the government from being invalidated, it was said.

The Internal Revenue Bureau in an official statement pointed out, however, that it believed the list would be posted in ample time to reach the office under ordinary handling of the mail "on on before the date" on which the return is required to be filed. "If a return is made and placed in the mails properly addressed and postage prepaid no penalty should attach should the return not actually be received by such office until subsequent date," the statement added.

Couzens has told the senate in denouncing the treasury's attempt to collect the taxes which he said was an attempt at retribution for his senate committee criticism of administration of corporation taxes, that the amount sought from him is between $10,000,000 and $11,000,000. It was in 1919 that Couzens sold most of his block of Ford Motor Company stock. Mellon said that the information of the Couzens' case came to the treasury not from a treasury investigation, but "from an outside person." When the information was received the treasury started an investigation which revealed the failure of Couzens to pay "a large amount of money due."

## ALLEGED BANK BANDIT FIGHTS HIS EXTRADITION

### DAVENPORT LOSES HABEAS CORPUS ROUND IN DISTRICT COURT

### WILL NOW PERFECT AN APPEAL TO STATE SUPREME COURT

Minneapolis, March 12.—Only the Supreme Court stands between John B. Davenport and Milwaukee authorities now.

The bank bandit, who was denied a writ of habeas corpus by Judge W. W. Bardwell in district court late yesterday, had his attorneys prepare an appeal to the Supreme Court. Judge Bardwell granted until 10 a. m. March 17th for the filing of the appeal. Unless it is taken by that time, the governor's extradition order will permit Milwaukee officers to take Davenport to Wisconsin. Davenport is alleged to have been one of five bandits who participated in the $310,000 robbery of the Northwestern National Bank in Milwaukee on December 8th.

## CHAMBERLAIN ADDRESSES THE LEAGUE OF NATIONS

### ENGLAND REVERSES STAND AND FINDS PROTOCOL UNACCEPTABLE

### FIVE COLONIES OF BRITAIN, LEAGUE MEMBERS, ALSO OPPOSE PROTOCOL

(By United Press)

Geneva, March 12—Anglo-French accord on the League of Nation's security protocol was ruptured today when Austen Chamberlain, British foreign minister, announced in an address before the league council that England had reversed her stand and that the protocol no longer was acceptable.

England had ascertained, Chamberlain said, that the protocol in its present form was unacceptable to Canada, Australia, New Zealand, India and South Africa. He says as these colonies were league members, they would announce their own views in the matter either before the assembly or by communicating with the league's secretariat. Ireland's stand on the protocol had not been ascertained, Chamberlain said.

## STATE AUTO TAX CUT 25 PER CENT UNDER NEW BILL

### LEGISLATURE IN ACCORD WITH MEASURE NOW BEING DRAFTED

### NO CHANGES ARE PROVIDED IN PRESENT DEPRECIATION TABLE

St. Paul, March 12.—State legislators have agreed to a cut of approximately 25 per cent in automobile license fees.

A new bill, so providing, is being prepared by A. G. Youngquist, assistant attorney-general.

Under the proposed measure, decided upon by members of the house motor vehicles committee after weeks of argument and discussion, the basic tax is reduced from 2.75 to 2.1 per cent of the factory price of the licensed car as of the preceding Nov. 1.

Minimum taxes of Class B cars would be reduced from $15 to $12, and on Class A cars from $12 to $9. Truck minimum taxes would be cut to $9 from $12.

No change in the annual depreciation table is planned.

This table provides for a 10 per cent cut in valuation of the car at the end of the second year, and 10 per cent each following year until the car is taxed at 30 per cent of the list price as provided.

### 408,000 AUTO TAGS ISSUED THUS FAR

St. Paul, March 12.—More than 408,000 motor vehicle license tags were issued by the state up to Tuesday night.

This was announced by M. J. Holm, secretary of state.

It is probable, Mr. Holm said, that the total this year will exceed 500,000.

### DELAY LIKELY IN VOTE ON ROAD BOND BILL

St. Paul, March 12.—Action on Sen. Charles E. Adams' bill prohibiting refundment of county road bonds by the state except out of highway department funds, scheduled for Thursday morning, probably will be postponed to March 19 in view of pending motor vehicles tax legislation in both houses, Sen. Adams said.

# MILKES - ZIMMERMAN 4TH ANNIVERSARY

Celebrate Event by Inaugurating a Big Sale Starting on March 13th

MANY EXCELLENT BARGAINS

Visit to this Store Will Prove Revelation to the Public

Milkes & Zimmerman will celebrate their fourth anniversary with a big sale starting Friday, March 13th, in which many excellent bargains are being offered.

In addition to the large handbills that the company is distributing, a full page advertisement is running in tonight's Dispatch, and this paper is being delivered to each home in the city this evening, so that there may be no excuse for any citizen failing to learn of the sale.

In the four years that Milkes & Zimmerman have been in business, they have enjoyed a very liberal patronage, and in this anniversary sale are seeking to show their appreciation of this business, in the hopes that it will merit the continuation and growth of their store's trade.

Readers of the Dispatch are urged to scan very carefully the bargains offered in tonight's advertisement, which are only a part of those to be found at the sale. A visit to this store will be a revelation, it is promised, and the public is urged to patronize the big event.

Much misunderstood, the pig! Folks thought he could just "waller" around anywhere and thrive. Now we know he does best in a neat, clean house that is cool in summer and warm in winter. So money-making farmers are walling and ceiling their hog houses with Sheetrock—the *different* wallboard, that is plaster cast in sheets. Costs little, goes up easily, stays put permanently.

# MILKES - ZIMMERMAN 4TH ANNIVERSARY

Celebrate Event by Inaugurating a Big Sale Starting on March 13th

MANY EXCELLENT BARGAINS

Visit to this Store Will Prove Revelation to the Public

Milkes & Zimmerman will celebrate their fourth anniversary with a big sale starting Friday, March 13th, in which many excellent bargains are being offered.

In addition to the large handbills that the company is distributing, a full page advertisement is running in tonight's Dispatch, and this paper is being delivered to each home in the city this evening, so that there may be no excuse for any citizen failing to learn of the sale.

In the four years that Milkes & Zimmerman have been in business, they have enjoyed a very liberal patronage, and in this anniversary sale are seeking to show their appreciation of this business, in the hopes that it will merit the continuation and growth of their store's trade.

Readers of the Dispatch are urged to scan very carefully the bargains offered in tonight's advertisement, which are only a part of those to be found at the sale. A visit to this store will be a revelation, it is promised, and the public is urged to patronize the big event.

BOBBED HAIR looks wonderful with he tiny tint of Golden Glint Shampoo. 206tf-twtf

Much misunderstood, the pig! Folks thought he could just "waller" around anywhere and thrive. Now we know he does best in a neat, clean house that is cool in summer and warm in winter. So money-making farmers are walling and ceiling their hog houses with Sheetrock—the *different* wallboard, that is plaster cast in sheets. Costs little, goes up easily, stays put permanently.

## THE LOWLY ANGLEWORM

SOME fun has been poked at the lowly angleworm of Minnesota and a bill had been drawn for protection of the angleworm and its propagation in order to keep up the supply of bait for home talent and tourists bent on fishing in our 10,000 lakes.

There are over 500,000 worms to the acre of good soil, and were it not for these sinuous creatures the soil would be devoid of vegetation. These worms require 20,000 pounds of food each year. The statistician who gave us these figures forgot to tell how many worms succumb to the "early bird."

Yes, viewed from every angle, the angleworm is not to be despised. The kind we have in this section of the Brainerd lake region is the fat, juicy, succulent worm which gladdens the heart of the robin as well as the fisherman. Of a "balloon type" caliber, the worm presents adequate surface so that he may easily be impinged on a hook. Endowed with abounding vitality and a resilient backbone, the worm wriggles industriously and thus increases his bait value.

The old question of spitting on one's bait has taken a sanitary aspect and some Izaak Waltonians of the new school from Winona are against such a practice as they claim saliva flavored by Climax plug and Copenhagen snuff may blind the eye of the angleworm.

Larry Ho was an enthusiastic supporter of the "angleworm-ery" bill, but also serving as historian for the Minnesota State Editorial Association, he has temporarily left the angleworms to write obituaries for the editors.

WATCH your step, Kind Reader, tomorrow is Friday, March 13. Don't walk under any ladders leaning at an angle of 45 degrees. Don't step on icy, unsanded surfaces. If there are 13 guests at table, and Friend Wife knows you're short on soup, and only enough to meet 10 appetites, it's going to be unlucky for somebody.

BARBERS, it is reported, are finding bobbed hair a shortcut to wealth.

**Simple Way To End Night Coughing**

No matter how long you have been troubled with exasperating coughing at night, robbing you of valuable sleep and thereby weakening your system and laying you open to dangerous infections, it can usually be stopped at once by a very simple treatment. Most people have found that they can sleep the whole night through undisturbed often the first time they try it.

The treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. It not only soothes soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct *cause* of the coughing. The result is you usually sleep soundly the very first night, and the entire cough condition goes in a very short time.

The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup and almost every throat irritation. It contains no opiates or other harmful drugs. Economical, too, as the dose is only one teaspoonful. On sale at all good druggists. Ask for

# Should Parents Know?

IN the last few years a tremendous advance has been made in our knowledge of foods—the necessity and purpose of their various nutritive elements. It is now certain that the character and ability of the next generation will largely depend upon how far modern parents use this knowledge.

Here, for instance, is a bit of information of great value: As your doctor can tell you, an essential element to supply energy and vitality to the blood cells and tissues is Dextrose. And if you want a food which provides a large quantity of Dextrose—to build vigor and rugged health in growing children, serve them Karo.

There are three kinds of Karo—Blue, Red and Orange Labels—the nutritive value and digestibility of all three are practically equal.

## THE CASE OF BURMA-VITA VS. LUMBAGO

Burma-Vita is the most penetrating combination ever devised. It is thin, non-oily, pleasant to use. During the rubbing process Burma-Vita is completely absorbed. Its action is tremendous. People can't believe it when they wake up the next morning with pain and soreness all gone. Many have this experience. Burma-Vita is wonderful. Get a bottle today. ### *A Bank Closes Its Books and Strikes a Balance Every Day*

PICTURE in your mind a large department store which sells thousands of items daily.

Imagine this store entering all its charges every day and balancing its books at night. Imagine it knowing just how much every customer owes, how much stock is on hand, how much the store owes; suppose, in brief, every transaction is recorded, balances drawn off—and the store opening with a clean slate each morning.

You would call that efficient, would you not?

But see what a bank must do: Think of its large number of depositors, each drawing one, or perhaps several checks every day.

These checks are paid when they come in, the depositors' accounts charged, their new balances showing next morning at opening.

Then, in the course of business, many checks on other banks are deposited by patrons. They are immediately collected from the other banks, if local, or sent in country-wide directions for collection from banks on which drawn.

Many items come in, too, for collection from outside and local firms. They are promptly presented, collected, and remitted.

Then, a large number of notes are paid and credited each day; also, entries are made of many new notes.

Interest must be figured to the cent, daily, on numerous transactions; for the bank must know each day how much interest is owed to depositors, and by depositors.

In addition, there are other transactions which figure in the final closing balances. All this merely suggests the magnitude of a bank's daily routine. And should there be a variation of a single cent, clerks remain and search until the balance is found. A bank deals in exact figures. Accuracy and dispatch are watch-words.

When the bank opens in the morning you are met by calm, deliberate, careful, and unhurried people, ready for the new plans and problems of the day.

Banking is an excellent model of efficiency.

# PETITIONS FOR CITY OFFICES

But One Candidate So Far in the Field for Office of Mayor

ENUMERATION OF CANDIDATES

New Aldermanic Petitions Those of Martin Anderson, W. J. Lyonais, V. E. Quanstrom

While the coming city election does not seem to have been put in full swing as yet, a number of candidates for the various offices are already circulating petitions. With the exception of the third ward, the candidates now in the field have no opposition, although there is promise of a contest in most of the offices.

Alderman George A. Cain of the third ward is at present the only candidate for the mayoralty toga. Several other candidates have been talked of, but none have definitely entered.

Petitions are now being circulated for D. H. Fullerton for city attorney, Richard Ilse for city treasurer and J. H. Warner for municipal judge, all present incumbents desiring re-election.

In the second ward a petition for Martin Anderson as alderman to succeed H. F. Michael, is being circulated. In the third ward, Verner Anderson and Christ Elvig are seeking the nomination for alderman to succeed A. D. Peterson.

W. J. Lyonais' petition is being circulated for alderman from the first ward to succeed J. H. Witham, and V. E. Quanstrom will make the run for alderman from the fourth ward to succeed himself.

Two candidates for places on the school board are all that have been reported to date. They are Elmer Dahl from the third ward and Geo. Falconer from the fourth, both to succeed themselves.

The last day for filing petitions is Saturday, March 21st, and the election falls on Tuesday, April 7th.

# PETITIONS FOR CITY OFFICES

But One Candidate So Far in the Field for Office of Mayor

ENUMERATION OF CANDIDATES

New Aldermanic Petitions Those of Martin Anderson, W. J. Lyonais, V. E. Quanstrom

While the coming city election does not seem to have been put in full swing as yet, a number of candidates for the various offices are already circulating petitions. With the exception of the third ward, the candidates now in the field have no opposition, although there is promise of a contest in most of the offices.

Alderman George A. Cain of the third ward is at present the only candidate for the mayoralty toga. Several other candidates have been talked of, but none have definitely entered.

Petitions are now being circulated for D. H. Fullerton for city attorney, Richard Ilse for city treasurer and J. H. Warner for municipal judge, all present incumbents desiring re-election.

In the second ward a petition for Martin Anderson as alderman to succeed H. F. Michael, is being circulated. In the third ward, Verner Anderson and Christ Elvig are seeking the nomination for alderman to succeed A. D. Peterson.

W. J. Lyonais' petition is being circulated for alderman from the first ward to succeed J. H. Witham, and V. E. Quanstrom will make the run for alderman from the fourth ward to succeed himself.

Two candidates for places on the school board are all that have been reported to date. They are Elmer Dahl from the third ward and Geo. Falconer from the fourth, both to succeed themselves.

The last day for filing petitions is Saturday, March 21st, and the election falls on Tuesday, April 7th.

# BAD JUDGING SPOILING FIGHT GAME

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 12.—Demand for an amendment to the boxing law that will restore the old system of having decisions on boxing bouts given by a referee only can be expected in New York if there are any more repetitions of recent disturbances that followed rattled decisions.

In New York and in several states where laws were patterned after the New York law, the decisions are given by a referee and two judges who occupy seats on opposite sides of the ring outside the ropes.

The idea of the judges and the referee acting on decisions was based upon the desire to place obstacles in the way of fixing decisions. It was suggested that it would be more difficult to corrupt three men than it would be to corrupt one man.

As an added safeguard, the commission in New York established the custom of ordering two sets of officials to the ringside for important bouts and switching them around so that no one could be sure who was going to work in the main bouts.

Even for minor contests, no one outside the commission was supposed to know the officials that were ordered to report for work. If the theory is correct that it would be impossible to get an honest set of referees who could give honest decisions without the help of judges, it is just as uncertain that any commission could surround itself with deputies and employes that could not be tainted into tipping off the gamblers to the judges and the referee that were going to work.

There have been many peculiar decisions in New York and there have been too many predictions that certain fights were in the bag to have it believed that boxing is being conducted purely on the level in New York. Of course, it is impossible to trace down the stories, but a suspicion is justified.

It is true that boxing has inherited a lot of unjust criticism from what happened in the olden days, but from all appearances the men in boxing are no more eager to cleanse the sport than they were in the days when they could boast that it was not on the up-and-up.

## REGIONAL TOURNAMENT AT ALEXANDRIA

The Pine River high school basketball team passed through Brainerd this morning on their way to the Regional tournament at Alexandria. The games will be played on Friday afternoon and evening. Brainerd fans may get the returns by calling the Y. M. C. A. tomorrow. First game results will be out about 6 o'clock, and final game results about 10:30.

Pine River will be minus the services of Williams, their star center, when they meet Appleton tomorrow, as Williams had to be left at home sick with a slight attack of pneumonia. Pine River and Appleton play at 3:00, Sauk Center and Buffalo at 4:00, the losers play at 8:00 to determine third place, and the winners play for the championship at 9:00.

He is specializing in Guernsey cattle and White Leghorn chickens.

He also has a splendid herd of hogs.

This new barn will be 34x50 and modern in every detail. It will help Albert get the very limit in production from his cows. His cream checks from now on will be more profit and less expense.

Quite a few other farmers are planning new barns too. Northern Minnesota is going to give Southern Minnesota a run for its money in dairying.

We have the service and material here to help many other farmers get into the game right.
